Date

On August 4, 2004 applicants undersigned attorney contacted Mr. Johnson who signed the PTO-948 form and explained that the smears set forth in Fig. 3a were intentional and necessary. The drawing sheet for Fig. 3a, at Mr. Johnson's request, was then subsequently faxed to his attention. Later on that day, applicant's undersigned attorney received a phone call from Mr. Johnson indicating that if Fig. 3a was the only objection set forth in the PTO-948 form then applicants can ignore this objection and the drawings will then be allowed for issuance.

Since Fig. 3a was the only objection set forth in the PTO-948 form, it is submitted the drawings, along with the entire application, are now in a condition for allowance.

Respectfully submitted,

A handwritten signature in black ink, consisting of several loops and a long horizontal stroke at the end, positioned above a solid horizontal line.
